

A New Era for Gaming and Entertainment

G2E Asia is the most iconic gaming and entertainment event in Asia. It is the must-attend platform for Asian gaming professionals to launch exciting new innovations that symbolize a new era of gaming and entertainment. The show will also be rich with opportunities to network with key influencers, hold business meetings and define the future of the continent's gaming industry.

Why Health and Hygiene Pavilion?

The Health & Hygiene Pavilion at G2E Asia is a powerful platform to showcase innovative products and solutions. The pavilion will feature the most important and effective preventive measures to help integrated resorts and gaming operators fight the pandemic. It offers a unique opportunity to establish new partnerships with the decision makers from Asian gaming industry in the gaming industry expected to drive demand for casino management systems.
