

The Marketplace for the Asian Gaming-Entertainment Industry

Global Gaming Expo (G2E) Asia is the must-attend marketplace for the Asian gaming entertainment industry, offering a one-stop platform to showcase the latest technologies, services, and products to the industry professionals. G2E Asia is where these professionals come to network, source for new products and solutions, and learn the latest global industry trends.

The 13th edition of G2E Asia in 2019 was our largest to date, stretching across 34,000 sqm of show floor with nearly 200 exhibitors, displaying new and cutting-edge products, solutions, and technologies.

Smart IR and Innovation

The global smart hospitality market will reach 28.7 billion USD by 2023, up from 7.1 billion USD in 2017 with a compounded annual growth rate of 26.21% during the period. The Asia-Pacific market has grown at this remarkable rate due to the adoption of technologies related to smart hospitality.

What's driving this market growth by 2023 is the demand for optimized guest experience, lower operational costs and the need of IOT technologies for hotel operation management, security and energy management in hospitality.

Exhibitor Profiles

Robots for Hospitality Industry:

- AI Chatbot
- Cleaning Robot
- Delivery Robot
- Interactive Robot
- Security Robot / Drones
- Vendor Robot
- Driverless Shuttle

AI and Business Intelligence for IR:

- Automation
- NLP for customer sentiment
- Machine Learning
- Data Management
- Digital Concierge
- Content intelligence

Smart Building and Sustainability Solutions for IR:

- Smart Waste Management System
- Building Automation
- Water Control System
- Smart TVs and Entertainment System
- Voice activation
- Driverless Cars
- Source reduction

Smart Technology:

- IOT Solution: Self-check-in/check-out system, smart door lock, room access control system, lighting control system, Voice-activated digital assistant.
- Smart Hotel APP
- Hotel PMS
- Facial recognition + Emotional recognition technology
- Facial and Emotional Recognition Solution
- Capacity Planning and Cold Chain Monitoring (to decrease carbon footprints)
- Power Management Solution
- Augmented and Virtual Reality

Visitor Profiles

- VPs and Directors of Hotel Operations
- CIOs, VPs and Directors of IT
- VPs and Directors of Meeting Operations / Front Desk Service / Facilities / Housekeeping
- CTOs, Technical Directors
- VPs of Sustainability
- Engineers of Retailers and System Integrators
- Analysts, Consultants

Smart IR and Innovation Tech Talk and Networking

Smart IR and Innovation Tech Talk and Networking, an exclusive knowledge exchange and networking event, will be the ideal platform where over 100 future technology leaders from integrated resorts, suppliers and governments will be expected to congregate, exchange, get inspired and discuss applications of innovative technology and solutions to drive better customers' engagement and enhance efficiencies in the industry.
